CEFR A1 & A2 Resources for Parents

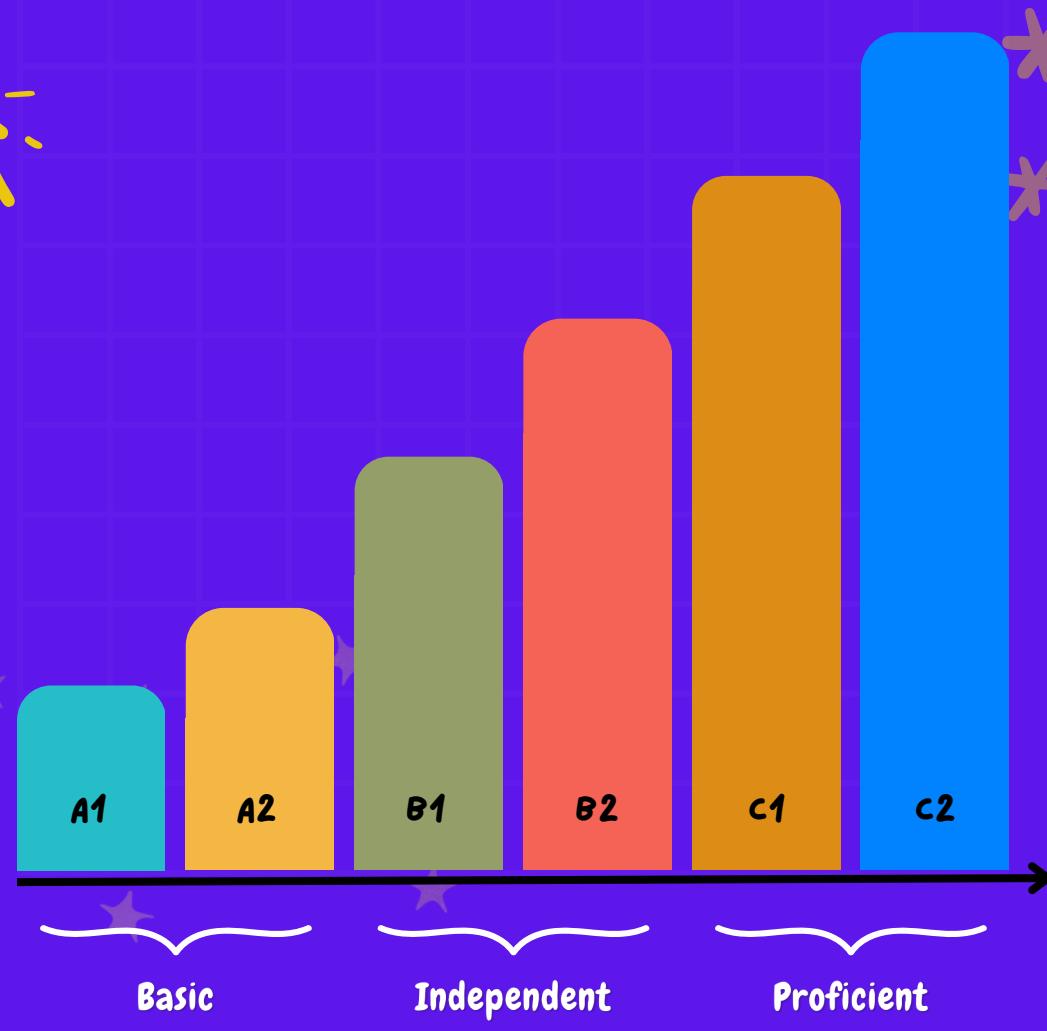

What is CEFR?

The Common European Framework of Reference for Languages (**CEFR**) is a language standard that describes a **learner's ability** in **speaking, reading, writing, and listening**.

The **CEFR** describes language ability on a six-point scale, from A1 for beginners, up to C2 for those who have mastered a language.

The levels provide a clear, objective way to describe language skills that everyone can agree on. It helps to promote quality, coherence, and transparency in the field of foreign/second languages.
