PROFILE

Creative designer and front-end developer with a background in education, skilled at translating user needs into visually engaging digital experiences. Self-taught in UI/UX principles, wireframing, and front-end development with hands-on projects including website designs, logos, and print materials. Passionate about merging pedagogical clarity with design thinking to build intuitive interfaces.

RECENT PROJECTS

Personal Portfolio Website | Freelance

- Designed and deployed a responsive portfolio site using VS Code, Vite and Tailwind CSS using React and hosted on GitHub Pages.
- Curated projects to showcase design and development growth.

Logo Design | Freelance

- Created logos for Elite Global Academy, MoveParkour & MoveParkour Kids, and Mindful Space
- Balanced aesthetics with brand identity

Website Design | Freelance

- Designed wireframe for client, focusing on usability and flow using Figma and Webflow
